Membership Cluster Incentive Package 2023–24

Cluster incentive package:

As a co-ordinator for a group of schools, you know their needs best. Conversations with your Development Manager will guide you to find the support and professional development to ensure that their PE, School Sport and Physical Activity offer is focussed and effective.

For primary schools, content has been specifically developed to ensure schools optimise the investment of the PE and Sport Premium and meet the new application and reporting requirements of the award.

The secondary content will specifically support schools in assessment and examination of PE, meeting equal access requirements and utilising PE as a tool to address disadvantage.

You can also expect the following as standard:

- Cluster Co-ordinator networking events (virtual and face to face) to collaborate, share successes and learn from like-minded colleagues.
- Dedicated Development Manager time.
- Customer service support from a dedicated support team.
- Discounts on Youth Sport Trust products, services and resources.
- Opportunity to participate in reporting pilot.

Additional benefits depending on collective spend include:

Under £1000	30mins Development Manager time* (virtual) Virtual networking Place at national networking event
£1000–£3000	Two hours Development Manager time* (virtual) Virtual networking Place at national networking event

*Suggestions to use your Development Manager time:

- Quality Mark development – support to interpret the data and discuss your next steps.
- PE and Sport Premium development and reporting.
- Visioning, strategy, and action planning.
- Delivery at local headteacher events, cluster meetings, national and local updates.
- Facilitate networking opportunities.
- Provide support for local conferencing planning.
